

# Green Oasis School Shenzhen, China

## Secondary School Profile 2017-18

### School and Community

Green Oasis is a co-ed school that was established 2001 with the International section established in 2008. It offers a British curriculum education which prepares our students for further education institutions both in China and overseas.

Total enrollment in the Secondary School currently stands at 281. The majority of our students are Chinese but we also boast students from Hong Kong, Taiwan, Korea, Malaysia, New Zealand, Spain, UK, USA, Canada, Russia, India, Japan, Pakistan, Australia, Portugal, Algeria, Venezuela, Turkey, Singapore and Egypt. This gives Green Oasis its unique feel and atmosphere.

The class of 2018 contains 34 students who are all aiming for a minimum 5 A\*-C grades in the summer IGCSE examinations.

### Accreditation and Teaching Staff

GOS is accredited as an examination centre for Cambridge International Examinations (CIE) and Edexcel. The teaching staff consists of 39 teachers where 82% are expatriate. All staff are qualified to teach in their own country and have more than 2 years of teaching experience.

### Calendar and Timetable

The school year has 2 semesters which for this academic year begin in August and March. Lessons are 60 minutes in duration and the timetable runs from Monday to Friday.

### Assessment

GOS does not follow a block schedule or operate a student ranking system. GOS does use setting by ability in Key Stage 3 in Mathematics, and Chinese, with mixed ability groupings in other areas of the curriculum.

At the end of Key Stage 3 (in Year 9) students take the Edexcel exams in English, Mathematics and Science.

At IGCSE level setting by ability continues in core subjects such as English, Mathematics and Chinese with no setting in the option choices. In Year 11 students sit their IGCSE examinations which are externally graded by CIE. In English first language students will sit the Edexcel GCSE.

### Graduation Requirements

In order to be considered a graduate from Green Oasis students must sit all of the IGCSE examinations that they have been entered for, this ranges from between 8 to 10 subjects in total.

## Course Offerings 2017-18

### Key Stage 3 Courses

English  
English as an Additional Language  
Chinese  
Mathematics  
Science

Overall %A*-C	85.56	83.82	80.52	85.11	90.8

#### Where Do Our Students Go After Graduating?

On leaving Green Oasis at the end of Year 11 students go onto high school, colleges and 6th Form Colleges around the world. These include Shenzhen College of International Education (SCIE), United World College Hong Kong, United World College UK. 2015 saw the first ever GOS graduate accepted into Cambridge University.
